We're changing everything about our ships, except their names.

Now guests will find five-star restaurants, Vintages wine bars and the brand-new Viking Crown Lounge, in addition to guest-favorite Oasis-class features on other ships in our fleet.

And, if people can tear themselves away from staring at the stars, they will also be able to look up and see our extraordinary Centrum aerial show and enormous outdoor movie screen. Shrek and Kung Fu Panda will be very busy this year, appearing on more ships along with the DreamWorks characters from *Madagascar.*

While all the new innovations onboard will make it hard for people to want to go to sleep, our beautiful new staterooms, with added Wi-Fi, will make it hard for guests to get out of bed. Sleeping in will become a vacation unto itself.
